

Monroe County Parking Program - GreenSaver RideShare Application & Agreement

As part of the RideShare Program, participants may apply for a GreenSaver Permit (GS) allowing access to premium parking spaces on campus. All participants must complete and sign this Agreement along with a RideShare Permit Application and return both to Parking Services in-person. One student will be the Captain of the RideShare team.

1. Each participant must be a member of the RideShare Program.
2. Only one GS will be issued for each RideShare group, as defined herein. Participants will arrive on campus together in one vehicle.
3. A GS team will consist of two (2) or more persons riding together in the same vehicle.
4. Any vehicle parked in violation of the GS rules will be subject to a citation and/or towing. No notice will be given prior to towing. Violators will be required to pay the towing and all related charges, and RideShare privileges may be revoked at the discretion of the College. At that time, the GS must immediately be returned to Parking Services.
5. A holder of a GS must return the permit at any time that their RideShare group cannot comply with this Agreement.
6. The GS must be clearly and prominently displayed at all times.
7. The College does not guarantee a premium carpool space to every GS holder at a given time. If a carpool space is not available, the holder must park in a lot designated by the assigned GS.
8. GS holders may NOT use a RideShare-only parking space when not operating as a valid GS Team as defined herein.
9. GS's expire at the end of each semester. Once a GS Team is formed for the new semester, submit a new application and signed agreement forms.

Monroe County Parking Program at Monroe Community College GreenSaver Program is aimed primarily in support of the campus' green initiatives by reducing the number of single occupancy vehicles. Monroe Community College is not responsible for ensuring the quality or licensing of drivers that participate in the program, or for ensuring that participants' vehicles are roadworthy or sufficiently insured. It is the responsibility of each participant to inquire about proper licensure, insurance and driver skill. Participants are responsible for continually reviewing insurance papers to ensure that adequate coverage is carried for all RideShare participants. Participants are strongly encouraged to discuss and/or review the driving records and driving habits of their fellow participants and to inquire in detail about the road-worthiness of the vehicle in question before participating.

Cost: \$50

Replacement GreenSaver hangtag and/or keycard: \$50/each

Personal property: Security for personal property, including vehicles, is the owner's responsibility. Personal belongings should be removed from sight in the vehicle or removed altogether. MCC is not liable for personal property that is lost, stolen or damaged. The College's insurance does not cover these types of losses. Students are encouraged to carry insurance through their own or their parents' homeowner/tenant and automobile insurance policies. Please report all crimes to the Department of Public Safety for investigation.
